## THIS LISTING IS A DIRECTORY OF PUBLIC-OPERATED SANITATION FACILITIES THROUGHOUT THE UNITED STATES.

More informally, it is a list of dump stations. Noticeably missing from this list are the facilities at privately operated campgrounds. Your Woodall's Campground Directory, or other campground guide, can provide you with the pertinent details about the campgrounds. An additional online source is [www.rvdumps.com](http://www.rvdumps.com). Please note that entrance fees are charged at some National Park Service facilities, as well as at some state-operated sites.

This list was compiled by the FMCA Membership Department at the national office. The appropriate agencies in all 50 states were contacted for information. If you have information about additional facilities, or encounter facilities that have closed, please contact Margaret Keen at the national office. Most Flying J Travel Plazas have sanitary disposal stations. You can also find sanitary disposal stations at some Love's Travel Stops. As of November 2008, here is the most comprehensive list that could be compiled. It is organized according to state.
